

Discovery Call — [Client Name]

Date: [YYYY-MM-DD]

Contact: [Name, Role]

Company: [Company name — industry — ~size in employees]

Call duration: [X min]

Their Situation

Current process (the pain):

[How they handle this today — what's broken, slow, or costing time/money]

Trigger for this call:

[Why now — what changed, who referred them, what they saw or heard]

What They Want

Desired outcome:

[What does "fixed" look like for them — in their words, not yours]

Timeline:

[When do they need this? Any hard deadlines?]

Budget indication:

☐ No budget mentioned

☐ Aligned with pricing (~AED [X])

☐ Hesitation — address in proposal

Fit Assessment

Services that match:

☐ Workflow Audit

☐ Growth package

☐ Automation build

☐ LinkedIn content automation

☐ Other: ____

Red flags or scope risks:

[Anything that could complicate delivery — tech stack, team resistance, vague requirements, procurement process]

Agreed Next Step

- ☐ Sending proposal by [DATE]
 - ☐ Booking follow-up call — [DATE / TIME]
 - ☐ They're sending more info — expected by [DATE]
 - ☐ Other: ____
-

Post-Call Debrief

What went well:

[...]

What to address in the proposal:

[Any objection, concern, or open question to handle proactively in the proposal]

Confidence level:

- ☐ High — likely to close
- ☐ Medium — needs the right proposal
- ☐ Low — may not be a fit, flag before investing more time
